## EDUCATION

Bachelor of computer engineering Suez Canal University, Egypt

Oct. 2021 – June 2026 (expected)

Professional Front-End Web Development Nanodegree, Udacity

Jan. 2023 – Mar 2023

---

## SKILLS

- HTML
  - CSS
  - JavaScript
  - Node.js
- 

## PROJECTS

### Landing Page

- Built a multi-section landing page, with a dynamically updating navigational menu, using HTML, CSS, and JavaScript.

### Weather App

- Built a weather web application that displays the weather by entering a city name, using OpenWeatherMap API.
  - Used HTML, CSS, and JavaScript for the front-end, node.js and express for the back end.
- 

## EXPERIENCE

### Technical Team Member

IEEE Suez Canal University SB, Egypt

- Held a role in an organized boot camp by holding sessions about HTML and responsive CSS for 20+ students.
- Improved my ability to simplify information and gained teamwork skills.
